

**Are you interested in becoming a member of the Trivium FFA?
NOW IS THE TIME TO REGISTER FOR AGRISCIENCE CLASS!**

This year will mark the beginning of the fourth year of Agricultural Education and an exceptional FFA program here at Trivium Preparatory Academy. All students are invited to consider joining our chapter! Our membership is growing and we will offer three sections of Agriscience class during the zero-hour class period each morning. All members of the Trivium FFA must be enrolled in an agriscience class.

The FFA is a national youth leadership organization which shapes youth members through premier leadership opportunities with a focus on personal growth and career success. Members contribute to their school and community, discover their talents, and develop skills in an applied, hands-on setting.

The Trivium FFA membership is a representation of a variety of students with different backgrounds and interests. Members are able to explore everything from plant science and biotechnology to marketing and conservation. FFA members understand the scope and role of agriculture in our society. They examine the impact of technology and scientific processes, they understand the importance of sustainability, and consider the issues related to animal management and production. Our members are also developing public speaking skills and standards of professionalism.

Students who join our Trivium FFA Chapter are uniting with a winning team! Our members have worked hard and experienced great success in Career Development Events at the district and state level; and we have six members that will be national finalists at the National FFA Convention in Indianapolis, Indiana this fall.

If a student is interested in joining the Trivium FFA, registration fees, which cover lab fee and National FFA membership dues, can be submitted via payment portal that is found on the Trivium Prep website.

Classes for all FFA members will begin on August 12th. Agriscience classes meet during the zero-hour class period, from 7:10am - 7:55am. We meet every morning, including half days.

Agriscience I (Freshman) = Ms. Ellis in Room 433

Agriscience II (Sophomores) = Ms. Briggs in Room 435

Agriscience III/IV (Juniors & Seniors) = Mrs. Zimmerman in Room 434

Thank you for your interest in our FFA chapter! I look forward to seeing all of our members in the coming weeks. If you have any questions, please reach out to Mrs. Zimmerman: tzimmerman@triviumprep.org.
