

Trivium Prep Distance Learning Model – Family Overview

This framework will guide the implementation of the 100% fully online model for Trivium Prep, students beginning August 6th. This plan is for fully remote learning.

Guiding Principles:

1. We will align all standards with Great Hearts Distance Learning Plan.
2. Feedback and academic progress are important to student engagement, and therefore all TVP teachers will review and evaluate a minimum of two assignments weekly.
3. Curricular uniformity will be maintained at all times.
4. Course level teams will work together to plan, prepare and create remote lessons – with shared responsibility and work.
5. The transition challenges from distance to in-person learning will be minimized by maintaining a class/section schedule that is based on class periods. However, teachers may change based on student enrollment numbers
6. Each teacher will provide announcements and important information on the Google Classroom Homepage.
7. Students will have work to do for every class, every day (Monday-Friday).
8. Students will attend synchronous (live via Zoom) classes four days a week from 8-11 a.m. and be responsible for asynchronous work daily. See schedule below.
9. Each Friday will have a full asynchronous lesson from each class.
10. Students should expect assessments and graded work each week.
11. Teacher will provide two opportunities a week for informal tutoring.
12. Assigned work is due by **8:00 a.m.** the class day following the assignment or on a later assigned due date.
13. Work will be posted each day (verses each week).
14. Attendance will be based on student's daily engagement in the online platform.

INDEPENDENT STUDY AND “HOME”WORK ASSIGNMENTS

Independent Study (asynchronous) and/or Homework (with synchronous classes) will have daily assigned work.

TUTORING (While TVP is entirely online)

Office Hours/Tutoring:

- Teachers will have two days a week where they will offer tutoring – from 1:45 – 2:15 PM (Monday – Thursday), through an establish a standing Zoom session with Link
- Parents can make an appointment with a teacher during this time
- Students can schedule additional tutoring as needed
- Fridays are not assigned specific course tutoring to give the school flexibility for scheduling virtual school events, or as an option for supporting students who request additional help from their teachers.
- Tutoring is optional and intended to be check-in times for students with questions.
- We know that some students may have conflicts – but we will deal with those one-on-one.
- This tutoring schedule will be revised when we return to physical campus learning.

NOTES
