

Greetings Trivium Preparatory Families,

As we enter the season of giving, we wanted to take a moment to describe the various philanthropic campaigns that benefit our Academy in different ways. If you have already given to our Community Investment campaign and Tax Credit drive, thank you!

### Community Investment

Make your tax-deductible gift today & help your child's school cover the gap between public funding and the additional cost to provide Great Lakes education.

**Donate Now**

### Tax Credit

Direct your AZ Public School Tax Credit to our school & claim the credit on your state income tax liability.

**Donate Now**

### Holiday Appreciation

Make your gift today to support teachers during the holiday season.

**Donate Now**

[Community Investment](#) is the most important way for families to support our Academy. These funds support faculty salaries, classroom expenses, and curriculum for your scholars. Parent partnership through Community Investment is how we are able offer a tuition-free, private school caliber education in a public-school setting.

[Tax Credit](#) drive supports athletics, and enrichment courses. Contribute your public-school tax credit today and receive a dollar-for-dollar credit on your state income taxes.

[Holiday Appreciation](#) is one way to show gratitude to our faculty and administration for their passionate and joyful service. In lieu of individual gifts for each of your scholar's teachers, show your appreciation through a small monetary gift of thanks to be divided equally among Trivium Preparatory faculty and staff.

Thank you in advance for partnering with us!

With Gratitude,

Aydin Martin  
Family Giving & Community Engagement Officer

Alicia Torres  
PSO President
