TRIVIUM FFA 2024-2025

It's time to register!

Hi everyone! My name is Mrs. Hall and I will be the new Agriscience/FFA Teacher here at Trivium Prep. I am so excited to be a part of this amazing program. I have previously worked for Arizona FFA, the Maricopa County Fair, Arizona State Fair and the Arizona National Livestock Show. My passion for FFA runs deep and I am eager to get into the classroom and share that passion with students. I served as an Arizona FFA State officer almost 10 years ago now, where I represented Arizona FFA at an informational assembly at Trivium Prep the year that Trivium FFA was chartered!

Trivium quickly found a special place in my heart and I have since attended several Homecoming BBQs, Banquets and other Trivium FFA events. Taking on this role at Trivium feels like a full circle moment for me. If you're new to FFA, please read more about this amazing organization below and consider having your child or children enroll. There truly is a place for everyone in FFA!

WHAT IS FFA?

The National FFA Organization focuses on preparing members for premier leadership, personal growth, and career success through agricultural education. FFA is an **intracurricular** student organization for those interested in agriculture and leadership. Students must be enrolled in an agriculture class, in order to participate. The official name of the organization is the National FFA Organization. The letters "FFA" stand for Future Farmers of America. However, over the years this organization has become more than just cows, sows and plows and it truly prepares young people for success in any path they want to take beyond their high school years.

WHAT DOES FFA LOOK LIKE AT TRIVIUM PREP?

- Students who enroll in Trivium FFA are also registered for an agricultural education course.
- Students 10th-12th grade will meet with me (Mrs. Hall) in zero hour class (7:15-7:55am)
- Honors biology (9th grade) meets the education requirement for first year members. Any 9th grade student who wishes to be enrolled, will be in Ms. Pluta's Biology class and will NOT meet regularly during the zero hour class. **However, Freshman members are invited to attend zero hour on Fridays,** where we will dive deeper into the FFA organization.

If you have any questions please reach out to me via email at ahawks@triviumprep.org with any questions and I will be glad to help!

9TH GRADE REGISTER HERE BY JULY 21, 2024

10TH-12TH GRADE REGISTER HERE BY AUGUST 1, 2024
